

Caltrans Division of Rail and Mass Transportation is currently hiring procurement professions to assist with administering the Department's FTA Program Procurement Oversight.

Under the direction of the Branch Chief, incumbent works independently on the review of procurement documents; processing of purchasing documents related to capital purchases funded under the Federal Transit Administration (FTA) Sections 5310, 5311, 5339, and other programs resulting from the federal surface transportation act. These programs provide grants for public and private transit operators in rural and small urban areas as identified by the FTA.
